PROYEK TECH PATH: BRIDGING YOUTH TO STEM CAREER–YEE PROGRAM

PROPOSAL PROGRAM TECHPATH - BOJONEGORO

Date	Prepared for	Presented by	Year
01 Oct	Yayasan Plan International Indonesia	Sanggabiz	2025

LATAR BELAKANG

Indonesia berada di peringkat 43 dari 63 negara dalam World Digital Competitiveness Ranking 2024. Padahal, riset Google dan Access Partnership memperkirakan pekerja terampil digital dapat menyumbang Rp 4.434 triliun ke PDB pada 2030 jika pelatihan digital dipercepat. Di Kabupaten Bojonegoro, masih ada 34.785 penganggur pada 2024, mayoritas lulusan SMA/SMK, sementara pekerja yang terserap didominasi lulusan SD–SMP. Jumlah pencari kerja (1.391 orang pada Januari–September 2024) juga tidak sebanding dengan lowongan perkerjaan yang ada (846 saja), sehingga banyak pemuda memilih merantau. Padahal sektor lokal memiliki peluang besar, misalnya UMKM yang mencapai 91.751 pelaku pada Agustus 2025 dan banyak digerakkan anak muda melalui digitalisasi.

Selain tantangan pengangguran, Bojonegoro memiliki kelompok rentan yang signifikan yakni sekitar 8.674 penyandang disabilitas pada 2025. Perempuan disabilitas menghadapi hambatan ganda dalam mengakses pekerjaan yang layak. Karena itu, pelatihan digital perlu bersifat inklusif, mengedepankan kesetaraan gender dan akses bagi disabilitas, selaras dengan nilai Plan International. Program TechPath dirancang untuk menjawab kebutuhan tersebut dengan membekali pemuda khususnya perempuan dan penyandang disabilitas dengan keterampilan digital dan softskill yang relevan agar siap bekerja atau berwirausaha secara berkelanjutan.

PROGRAM OVERVIEW

Program Goals

Peningkatan Keterampilan

Meningkatkan kapabilitas peserta dalam bidang IT (misalnya penguasaan aplikasi perkantoran, pemasaran digital, pengembangan web sederhana) dan softskill (komunikasi, kerja sama tim, kepemimpinan, kewirausahaan digital).

Kesetaraan dan Inklusi

Memastikan partisipasi minimal 50–60% perempuan dan mengakomodasi penyandang disabilitas (aksesibilitas materi dan fasilitas), sehingga pelatihan menjunjung kesetaraan gender dan inklusi.

Peningkatan Daya Serap Kerja

Memfasilitasi peserta agar mampu mendapatkan pekerjaan atau magang yang layak, misalnya melalui job fair atau kemitraan dengan industri lokal. Hasil diukur dengan persentase peserta yang berhasil bekerja/magang atau memulai usaha digital setelah pelatihan.

Pemberdayaan Pemuda

Membangun jejaring dan mindset pemberdayaan di kalangan pemuda, mendorong mereka menjadi pelaku perubahan di komunitasnya (akses pasar digital, inovasi lokal).

Tujuan-tujuan di atas sejalan dengan kerangka Terms of Reference (ToR) yang ditetapkan Plan Indonesia untuk pelatihan digital bagi kaum muda. Melalui pencapaian tujuan tersebut, program ini diharapkan mampu meningkatkan kesiapan kerja generasi muda khususnya perempuan dan penyandang disabilitas melalui penguasaan keterampilan IT dan soft skill, penerapan prinsip kesetaraan dan inklusi, peningkatan peluang kerja atau wirausaha digital, serta penguatan peran pemuda sebagai agen perubahan di komunitasnya.

STRATEGI DAN METODE PELAKSANAAN PELATIHAN

01 Model Blended Learning

Kurikulum dibagi antara sesi online (modul pra-kursus, tugas mandiri, pendalaman materi) dan offline (workshop intensif, pelatihan praktik, coaching). Sesi online (misalnya melalui platform pembelajaran daring) memberikan fleksibilitas belajar mandiri, sedangkan sesi offline (berlangsung di tempat terpilih di Bojonegoro) menekankan interaksi langsung, praktik, dan konseling personal.

02 Pendekatan Partisipatif dan Berbasis Proyek

Setiap modul diakhiri proyek kecil (misalnya membuat kampanye media sosial untuk produk lokal, simulasi business pitching), memacu penerapan pengetahuan. Pendekatan kolaboratif mendorong kerja tim lintas latar (pekerja disabilitas, perempuan, laki-laki) untuk saling belajar.

03 Pelibatan Pemangku Kepentingan Lokal

Kerja sama erat dengan Dinas Tenaga Kerja (rekrutmen peserta, bimbingan karir), Dinas Koperasi & UMKM (pendampingan teknis bisnis, akses pasar UMKM), Rumah BUMN (fasilitasi mentor dari BUMN lokal, pameran produk UMKM/teknologi), serta pemangku wilayah setempat. Industri lokal (misalnya pengelola Pabrik, perkebunan, jasa) diundang sebagai narasumber atau penyedia studi kasus, sehingga materi sesuai kebutuhan pasar kerja lokal.

04 Pengembangan Kurikulum Lokal

Materi disesuaikan dengan konteks Bojonegoro – misalnya modul e-commerce untuk produk pertanian/kreatif lokal, digital marketing untuk batik/crafts (terinspirasi pelatihan batik bagi penyandang disabilitas), serta pemrograman sederhana yang relevan. Softskill meliputi pembinaan kepercayaan diri peserta (khususnya perempuan dan difabel), komunikasi inklusif, dan kewirausahaan sosial.

05 Fasilitas Inklusif

Lokasi workshop difasilitasi aksesibilitas (ramah kursi roda, teks pembesar, penerjemah isyarat jika perlu). Materi online disiapkan dengan teks dan audio deskripsi. Menyediakan bantuan transportasi ringan dan modul cetak sebagai penunjang peserta yang mungkin memerlukan.

STRATEGI DAN METODE PELAKSANAAN PELATIHAN

Expected Outcomes	Activities/Outputs	Key Performance Indicators
TechPath: Bridging Youth to STEM Career menargetkan 50 kaum muda di Kabupaten Bojonegoro, dengan minimal 80% di antaranya adalah perempuan muda serta partisipasi dari kaum muda penyandang disabilitas, khususnya dari latar belakang sosial-ekonomi rentan.	**BROADENING INDUSTRY NETWORK** • 20 Private Sectors support for placement • 30 umkm support untuk collaboration dan placement (under program Dinas Koperasi & UMKM dan Rumah BUMN) • 2 Job dating dan speed dating online • 1 event capstone project • 50% Placement (3 bulan setelah pelatihan) **CURRICULUM** • Online Process, self-pace learning (belajar mandiri) melalui LMS • kitakerja,id dan atau bootcamp terpadu secara onsite; • Penyusunan modul yang akan digunakan selama pelatihan (adjustment modul); Digital Marketing and Content Creator) dan Softskill **RECRUITMENT** • 200 register (80% women) dan (5% disabilities) • 100 Mentor register. **YOUTH TRAINED** • 75 of youth recruitment (60 women) dan (5% disabilities) (include JBI) • 1 bulan self learning/assyncronuss • 1 bulan syncronuss • Digital Marketing and Content Creator) dan Softskill * 12 session masing-masing **MENTORSHIP** • 10 Mentor dedicated (mentoring onsite selama 3 bulan) • 1 ToT untuk goals setting • (Aset diri, Graduation Maps, CV, Interview) • Method SMART, STAR. • Mentor dan Mentee Setting base Goals Setting atau Experience. **ADVOCACY AND PARTNERSHIP** • Kolaborasi dengan 5 Komunitas ICT women dan disabilitas. • Bekerjasama dengan pemerintah daerah dan Kementerian Pemuda dan Olahraga serta Kementerian Tenaga kerja. (additional) **TRAINING COMMUNITY CAPACITY DEVELOPMENT** • 1 kali ToT untuk komunitas dan Government. (additional)	• **Total number of program participants reach during the grant period:** 75 (5% disabled women) • **Percentage of youth have a new job (ICT Sectors):** 100% graduate from the program and 80% of youth have a new job (ICT Sectors) and Internship. • **Mentorship Relation:** Mentor support for relation and opportunity access Internship and Placement. **Additional KPIs** • 60% of young women have a reach for training. • 60% of young women have an improvement from training. • Number of ToT participants completing training of trainers: 100 participants. (5 Communities and government) • Percentage of ToT participants' experience increased in knowledge from ToT: 70% from total training.

TIMELINE KEGIATAN

Pelaksanaan program direncanakan berlangsung **selama 8 bulan**. Berikut rincian rencana waktu dan tahapan utama kegiatan

Month	Milestones	1	2	3	4	5	6	7	8
Team Preparation and Recruitment	Team Preparation on board	■							
Module Development	Digital Marketing and Content Creator) dan Softskill		■	■					
Recruitment for Youth	100-200 youth (80% women dan 5% disabilitas)		■						
Recruitment for Mentor	100 Mentor register.		■						
Training for Mentor	1 Training for Mentor			■					
Training of Youth	75 Training of youth (80% women dan 5% disabilitas) 1 bulan self learning/assyncronuss 1 bulan syncronuss				■	■			
Mentoring Implementation	10 mentor (mentoring session) synchronous				■	■	■		
Partnership	Kolaborasi dengan 5 Komunitas ICT women dan disabilitas.			■	■				
ToT for Community	1 kali ToT untuk komunitas dan Government. (additional)							■	
Job Placement and Hire Partners	20 Private Sectors support for placement 30 umkm support untuk collaboration dan placement (under program Dinas Koperasi & UMKM dan Rumah BUMN) Career Coaching 2 Job dating dan speed dating online 1 event capstone project					■	■	■	
Monitoring, Evaluation and Reporting	Baseline dan Enlinde Dashboard Monitoring			■	■	■	■	■	■

TEAM MEMBERS

Vina A. Muliana

Subject Matter Expert (SME) - Content Creator

8+ years of experience in human capital development, stakeholder engagement, and communication strategy across corporate, government, and digital platforms. Brings practical expertise in training program design, talent empowerment, and SME ecosystem support, with a strong focus on digital skills development for youth and inclusive capacity building for emerging entrepreneurs.

Dwi Andi Rohmatika

Subject Matter Expert (SME) - Content Creator

12+ years of experience as a strategist and consultant specifically for go-to-market strategy and product management, emphasising consumer loyalty enhancement as well as operations in managing the best workflow system for optimising the most efficient and effective ways of working. Will deliver the importance of knowing the industry and trends in Customer Support as one of the most crucial divisions in understanding the 'Voice of Customers' and driving aligned strategy across related departments.

TEAM MEMBERS

Dhekanegara

Subject Matter Expert (SME) - Digital Marketing

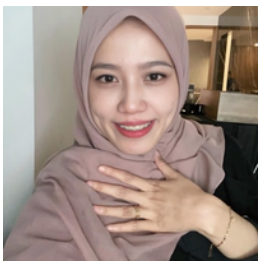

6+ years of experience as a full-stack marketer, specializing in brand, digital, and marketing analytics—strengthened by the use of AI-powered tools to enhance strategic impact. Combines creative thinking with data-driven decision-making to guide effective marketing directions and accelerate business growth. Brings a unique mix of skills, education, and experience that delivers high-impact outcomes and cost-effective value as a single strategic hire.

Yoga Pratama Samsugiharja

Subject Matter Expert (SME) - Digital Marketing

13+ years of experience in digital product marketing and analytics, focusing on end-to-end go-to-market execution, customer segmentation, and AI-based insight generation. Will share practical knowledge in transforming raw data into predictive models and customer success actions, supporting leaders in applying advanced analytics for retention and value optimization.

Indah Purnamasari

Subject Matter Expert (SME) - Content Creator

8+ years of experience in digital marketing, content development, and SME engagement across creative agencies, B2B projects, and entrepreneurship initiatives. Brings hands-on expertise in crafting digital content, managing brand communication, and supporting SMEs through creative strategy, storytelling, and data-driven campaigns. Skilled in coordinating cross-functional teams and producing content that strengthens outreach, visibility, and business growth for small and emerging enterprises.

TEAM MEMBERS

Faricha Khairunnafi

Project Manager

5+ years of experience in operations, customer success, and learning program development, focusing on end-to-end training execution, process optimization, and stakeholder coordination. Specializes in designing market-relevant learning services, managing educational projects, and leading performance evaluations across B2B, education, and tech sectors.

Salzia Raihan

Project Coordinator

3+ years of experience in Learning and Development with a focus on end-to-end training program design, e-learning development, and curriculum building for bootcamps, webinars, and incubation programs. Skilled in coordinating stakeholders, managing learning platforms, and supporting technical operations to ensure a seamless learning experience.

Selain Tim yang tercatat di atas, akan ada Tim task Force yang siap untuk membantu jalannya program ke depannya, yakni:

No	Nama	Posisi	Pengalaman
01	Andhisa Hapsari	Accounting & Finance Mgr	PwC, Garuda Indonesia
02	Thontowi Ahmad Suhada	Training and Community Expert	Indonesia Mengajar
03	Siti Anisah	Operations Specialist	Kalbe, Fazz, KitaBisa
04	Heni Cahyanti	Event & HR Specialist	APDC, KRYA, Definit Asia
05	Amanatul Amriyah	Data & System Specialist	Angusta Systems, PT Delta Dunia Makmur Tbk
06	Ayu Laksita Widaresti	Telesales & Customer Services	Fazz, Ivosights
07	Ika Izma Putri	Project Asisstant	Sanggabiz
08	Krisna Setyawan	IT Support	Privy, Fazz, MTGN
